-If you are ONLY having jerky made from boneless loins or hams, please remove all silverskin and fat before bringing them in for only jerky. Otherwise not necessary.	-Bring you trimmings in clear plastic bags, NOT garbage bags. -Please, when freezing trimmings, keep it smaller and in a manageable shape, not in an oversized, frozen blob!	-Bring in your trimmings, but please don't grind meat before bringing it in if to be made into sausage. It makes a better sausage that way.
